

Incredible cleaning

Quality beyond
your expectations

Anchor Trust

Anchor Trust began life as Help the Aged (Oxford) Housing Association in 1968, and delivers essential services for older people across the UK.

Anchor Homes provides residential and nursing care for up to 4,393 people in 101 homes while Anchor Care provides 22,000 hours of care each week across five regions of England.

In Depth Managed Services manages a prestigious window cleaning contract with Anchor Trust that covers 296 residential properties, including care homes and sheltered accommodation, across the North West and Midlands.

Window cleaning is a skilled trade which has undergone a massive transformation over time as windows get bigger, higher and more integral to a building's design.

As a result of this new business we have made several improvements so that we are able to deliver even better results, which include increasing our existing fleet of Mercedes Sprinters, which are all fitted with the latest in safe Waterfed pole technology.

It is this commitment to our clients and ongoing investment in our business that allows In Depth's window cleaning division to grow year after year.

Measurable results

- In Depth window cleaners complete more than 500 cleans per month for Anchor Trust.
- Our cleaners are working to a 99.5% of actual visit against schedule.
- We achieve a monthly quality audit score rating of 5 out of 6.
